CPD Allocation

This meeting aims to provide attendees with the opportunity to gain up to date knowledge on the latest developments and techniques in research, education, surgical techniques, clinical patient management and outcomes in the field of oral and maxillofacial surgery.

This is delivered through workshops, lectures, seminars and short papers.

Certificates of attendance will show daily CPD allocations, but participants should verify their own attendance record out of the maximum hours available, which have been calculated as follows:

Thursday 7 October	Study Day at AMRC	Total CPD hours: 6.25	
	Session	3.25 hours	
	Group sessions	3 hours	
Friday 8 October	Workshops at INOX	Total CPD hours: 3	
	Workshops at INOX	2 hours	
	Session	1 hour	
Saturday 9 October	Diamond Centre	Total CPD hours: 6.75	
	Session LT1	1.5 hours	
	Sessions LT1/LT3	2.5 hours	
	Sessions LT1/LT3	2 hours	
	Norman Rowe Lecture	0.75 hours	
Sunday 10 October	Diamond Centre	Total CPD hours: 4.5	
	Pop-up podium presentations	1 hour	
	Sessions LT1	1.5 hours	
	Sessions LT1	2 hours	

Certificates of attendance

Certificates of attendance indicating the CPD hours for the elements of the meeting booked by the attendee will be sent by email after the conference.

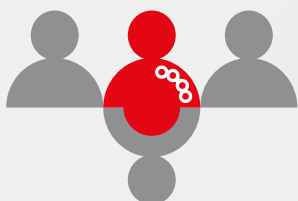

Scanning in each day

In order to meet the requirements of verifiable CPD attendees should scan in at the Registration Desk on each day that they attend the conference. BAOMS is required to keep this attendance record on file in order for CPD hours to be considered verifiable. Your cooperation is much appreciated.

Evaluation forms

The provision and holding on file of delegate evaluation forms is another requirement of verifiable CPD. Please ensure that you complete the ONLINE form to receive your CPD certificate. Your cooperation is much appreciated. This will be emailed to you following the meeting. CPD certificates will be issued approximately 4 weeks after the onsite meeting (not before) on verification.

FLEXFACS

The Online Training and Educational Resource for OMFS

FlexFacs is the innovative, brand-new online training and educational resource for OMFS STs launched by the BAOMS. We encourage all OMFS trainees, trainers and training programme directors to engage with FlexFacs.

The programme will deliver monthly live lectures, with content mapped to the OMFS curriculum. These lectures will then be made available for access online permanently. Over a three-year period, the lectures will cover the syllabus. Additionally, how to do it videos will be added to FlexFacs.

Quizzes and games based around the recorded lectures will be made available also.

There are plans to make 'virtual reality' surgery content available for trainees along with an indexed repository of webinar lectures on the FlexFacs website.

Michael Nugent, Montey Garg and Robert Bentley

Please also see Pop up podium presentation on Sunday 10 October

Introduction from the President

*"Ey up....
Welcome to Yorkshire"*

PRESIDENT **AUSTEN T SMITH**

The concept and theme of the main meeting is **"OMFS: How to do it: A Workshop Manual"**. The emphasis is on pictorial, graphical and /or video step wise exposition of surgical technique.

On Friday the 8th October at the INOX we have workshops covering **Nasendoscopy technique**, practical use of **Ultrasound** and associated procedures, and a detailed **Implant planning** intensive workshop offering an opportunity to hone skills - and learn new ones – with practical hands on tuition. Many thanks to the workshop organisers for the time to prepare and present.

There will also be a moderated discussion **'Troubleshooting: How to manage Osteonecrosis'** with Evidence based latest developments and treatment options with the current opinion by Professors Richard Shaw and Jagtar Dhanda to help us with an issue that affects all practices across the UK and is a real headache to deal with.

The **BAOMS AGM**, standard business and your vital input to some key decisions about the future of the Association will follow and there will be chance to sample Sheffield's highlights, eateries and nightlife on the Friday night.

The scientific sessions on **Saturday and Sunday** are at the **Diamond Building, Sheffield University**.

These are intended as a refresher and to update knowledge following the hiatus due to CoVid, which saw our routine operating, decimated in many areas.

The competitive **Pop-Up Podium** presentations on good ideas, top tips and improved ways of working – **"A Better Way to..."** have been drawn from over 60 submitted papers and we will have given the originators the chance to impress the 'Dragon's Den' of public opinion and the ASM audience in a **3 minute** pop up podium pitch. These are on Sunday.

Winners will be announced later this year for the **BAOMS Members' Prizes for 2021** and receive their award at next year's ASM. The sessions for competitors will be spread across the ASM Programme.

The **Annual Dinner and Awards Ceremony** is on **Saturday 9 October at Cutlers' Hall** in Sheffield City Centre. Entertainment provided by the world famous Grimethorpe Colliery Band of **"Brassed Off"** feature film fame. Their style, presentation and virtuosity is **NOT** that of your ordinary band. There will also be late dancing to varied music until close around midnight or so.

Proceedings and presentations will be recorded for post event viewing and live streamed from Lecture Theatre I to the remote participants who have registered. Saturday at the Diamond also sees the **OMFS Nurses' Day** programme with tailored scientific content and we are pleased to welcome a parallel conference of the **Institute of Maxillofacial Prosthetics Technologists (IMPT) Study Day**. Their Chair Mr Jason Watson will be the **President's Invited Lecturer** on Sunday.

Given the BAOMS declared commitment to eradicate unfairness and unacceptable traits, the highlight **Norman Rowe Invitational Lecture** will be delivered by **Baroness Helena Kennedy QC**, who galvanised the surgical world to mend its attitude and record. She will speak on maintaining fairness and equity in the surgical workforce in Lecture Theatre I plenary on the Saturday afternoon, which will be live streamed.

Last but not least I would like to thank our sponsors who are joining us both onsite at the Diamond and via their 'virtual' online booths. Please take time to visit and talk with them and also visit their online booths via the meeting platform afterwards.

Welcome to Sheffield !

The Venues

THE KNOWLEDGE TRANSFER CENTRE
AT THE ADVANCED MANUFACTURING RESEARCH CENTRE

Thursday 7 October 2021

The Tech study day is at the **Advanced Manufacturing Research Centre (AMRC)** the University of Sheffield joint venture with McLaren and Boeing.

INOX CENTRE FRIDAY'S VENUE (STUDENT UNION)

Friday 8 October 2021

INOX part of the University of Sheffield (Student Union Building in Durham Road, Sheffield). Morning workshops on **Implant planning**, Clinical use of **Portable Ultrasound** and **Nasendoscopy** Skills. Members', Consultants & Specialists, QOMS, MTREC, FiTs, and other group meetings with the **Annual General Meeting** to follow. Friday evening free to meet up with friends and colleagues.

MAIN LECTURE HALL AT DIAMOND BUILDING

Saturday 9 & Sunday 10 October

Full scientific programme at the Diamond Building, Sheffield University.

9 and 10 October 2021 • *what3words map reference:* theme.exam.parks – BAOMS registration at South entrance

OMFS How to Do It - A Workshop Manual: Diamond Building, 32 Leavygreave Road, Sheffield S3 7RD

Registration Desk

The Registration Desk for the BAOMS meetings will be signposted from the main foyer of each venue. Look out for our welcome flags.

Onsite registration for pre-registered attendees only will be open from 0800 – 1630 on each day. **It will NOT be possible to attend and register on the day.** Registration for onsite bookings closes at noon on 24 September 2021. Online bookings will remain open until the end of October 2021.

Badges for onsite attendees

Please sign in on 7 and 8 October and collect and wear a BAOMS badge. On 9 and 10 October we plan to scan individual badges to confirm your attendance for the purposes of issuing CPD certificates after the meeting. Please see the meeting platform for signing in details.

Annual General Meeting

The BAOMS Annual General Meeting, for BAOMS members only, will take place on Friday 8 October 2021 at 1530 onsite at the INOX, Level 5, Students' Union Building, Durham Road S10 2TG and will also be available online via a zoom link. The AGM Agenda and papers are available to view and download via the BAOMS website.

Please see the programme for workshops and members' business meetings at the INOX during the conference.

Live Streaming and post event online viewing on demand

Please visit the meeting platform at <http://baoms21.talkingslideshd.com>. You will need to sign in for online viewing access which will open from 7th October (not before).

- We are recording most of the presentations for post event viewing.
- The sessions at AMRC on 7 October will be recorded for post event viewing.
- The workshops and business meetings at the INOX on 8 October will be onsite only.
- The AGM on 8 October will be available via a zoom link.
- The sessions in Lecture Theatre 1 at the Diamond Building on Saturday and Sunday are being live streamed so those with online registration will be able join the attendees onsite virtually.

Hotel accommodation in Sheffield

This can be arranged via Marketing Sheffield.

Please visit: <https://book.passkey.com/event/50175598/owner/9279439/home>

Speakers' AV Preview at the Diamond Building (all presenters have been sent AV guidelines)

Please check in at the Registration Desk before going to the speakers' room. If you are speaking at the conference please ensure that you check in with the technicians at least 30 minutes prior to your lecture or on the day before. You will need to be in the presentation room at least 15 minutes before the start of the session.

Exhibition and catering at the Diamond Building

The exhibition will be open from 10.00 on Saturday 9 October until 14.00 on Sunday 10 October in the lower basement of the Diamond Building (immediately outside the lecture theatres)

All daytime catering will be served in the exhibition area and will be provided on each day. On 7 and 9/10 October we will have our 4 sponsoring companies onsite with us so please do take the time to speak with them and many thanks. They will also have virtual booths on the meeting platform. Please remember to wear your badge at all times when in the conference centre and to collect your daytime catering.

Presentations at the Diamond Building

All lectures will take place in the lower basement area:

Lecture Theatre 1 (LT1)	BAOMS Main Sessions on Saturday and Sunday
Lecture Theatre 3 (LT3)	BAOMS Concurrent Sessions on Saturday and Sunday
Lecture Theatre 4 (LT4)	Nurses Programme on Saturday only
Lecture Theatre 6 (LT6)	IMPT Programme on Saturday only

Annual Gala Dinner

Annual Gala Dinner in the Main Hall at Cutlers' Hall, Sheffield (opposite the Cathedral)

Dress: Black Tie/Evening Wear

1900: Reception

1930: Sitting for Dinner

Wine and soft drinks will be provided during the dinner and a cash bar will be open for the purchase of drinks (please note that cards may not be accepted so please do bring cash for additional drinks).

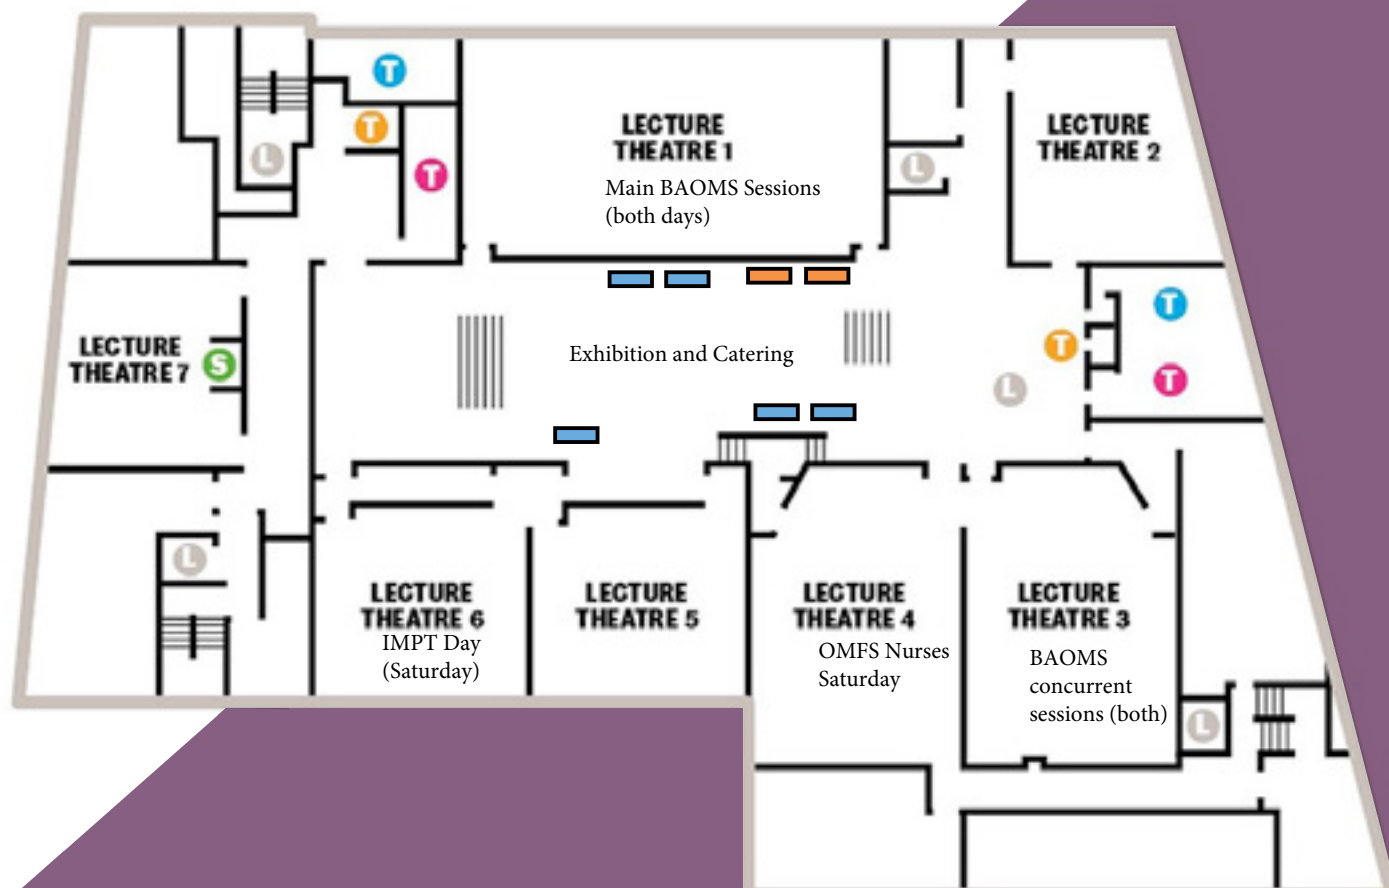

Please ensure that you bring your ticket with you to this event. You can collect your tickets at the registration desk on Saturday 9 October in the Diamond Building. It will not be possible to purchase tickets on the day. They must be booked in advance. There will be a seating plan.

How to do it: live stream and on demand post event viewing of the ASM presentations

How to: Sign-in to our virtual platform?

Your login details to access live streamed / on demand post-event content will be sent by email to you 24/48 hours prior to 7 October.

How to: Live stream?

All main sessions taking place in Lecture Theatre 1 on Saturday 9 and Sunday 10 October will be available to view live on our virtual platform, provided you have signed up for either or both days. All other sessions will be available for on demand post-event viewing (see below).

Note: The BAOMS AGM will take place separately via Zoom for those not attending in person – joining instructions will be sent by email to all members.

How to: On demand post-event viewing?

With the exception of the INOX workshops and Members' business meetings on 8 October, all other sessions will be available to view on demand from 25 October until 31 December.

How to: Have a question for speakers?

For both live streamed and on demand viewing, you will be able to post questions and/or leave a comment.

How to: 1-to-1 messaging?

Click the 'attendees' button on the main menu to view a full attendee list and contact each other on a one-to-one basis.

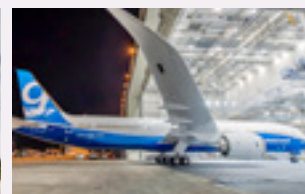

How to: Visit industry exhibitors?

Visit the sponsors' on-site at the Diamond centre on 9 and 10 October. Visit the sponsors' virtual booths from 7 October to 31 December – visit virtual exhibition rooms by clicking the logos and buttons on the homepage; learn about latest innovations and view pre-recorded presentations.

How to: Access your CPD certificate?

Further details of how to obtain your CPD certificate will follow by email approximately four weeks (not before) after our onsite event has concluded, regardless of whether you attended in-person or online. Onsite attendees should scan their badge QR code on Saturday and Sunday at the Diamond Building. Please remember to complete the online evaluation form.

Organised by BAOMS office@baoms.org.uk and in conjunction with Talking Slides.

WORKSHOPS, MEMBERS' MEETINGS AND AGM

FRIDAY 8 OCTOBER 2021: LEVEL 5 INOX, STUDENT UNION, UNIVERSITY OF SHEFFIELD

- 0830-1030** **Three workshops:** Pre-booked for onsite attendance only.
- 0830-1030** **IMPLANTS: ROOM 1**
Mr Ricardo Mohammed-Ali runs Implant courses specifically designed to train and educate OMFS ST level clinicians: He will demonstrate the virtual planning aspects of implant work including dental implants for tooth loss, prosthetic improvement and for the rehabilitation of the Head & Neck patient. David Veige will lead the workshop. He is the Clinical Director at Oxy Dental Solutions U.K. He is a leader in the industry of clinical dentistry. Not only does he utilise his own in-practice dental laboratory, but he's a lecturer for multiple implant companies, a clinical mentor to new dentists, a member of the Association of Dental Implantology (ADI) and a member of the International Team for Implantology (ITI).
- 0830-1030** **NASENDOSCOPY: ROOM 2**
Ms Alexandra Thompson will cover anatomical and theoretical aspects of endoscopic examination of the Upper Aerodigestive Tract, Mr Miran Pankhania an ENT surgeon based in Rotherham and active in Head & Neck Oncology will demonstrate correct fibre - facilitated examination techniques including the equipment, setup and protocols for panendoscopy, and demonstrate / teach the process of nasendoscopy for diagnostic and monitoring/ staging purposes, within the clinic / ward environment.
- 0830-1030** **ULTRASOUND: ROOM 3**
Mr Bhavesh Karbhari will facilitate this two hour ultrasound workshop. In addition to a head and neck focus it will also incorporate other skills which may be aided by the use of ultrasound. Dr David Andrew (Consultant Maxillofacial Radiologist), Dr Stefan Jankowski (Consultant Anaesthetist) and the specialist head and neck sonography team will deliver the theory and principles of ultrasonography, practical applications (cannulation, assessing vessel flow, pedicle flow), neck sweeps and assessment of lumps (including FNA/Core biopsies). This will be a theory and practical course using simulated models providing a hands-on experience.
- 1030-1100** **Refreshment break in restaurant**
- 1100-1315** **Members' business meetings**
Members' meetings at the INOX and Octagon Building (access via Bridge on Durham Road). INOX, Level 5, Students' Union Building, Durham Road S10 2TG (see map ref: E4 120)

Please refer to signage on the day at INOX for specific rooms and timings for the members' business meetings and the BAOMS Council Meeting.
- 1300-1400** **Refreshments available**
- 1430-1515** **MODERATED SYMPOSIUM – ROOMS 1,2 AND 3 INOX**
Troubleshooting: How to manage osteonecrosis– an update
Chaired by Peter Brennan, Chair of BAOMS Council
a) *Osteo Radio Necrosis – Richard Shaw*
b) *Medication Related Osteo Necrosis of the Jaw MRONJ – Jag Dhanda*

Convene for Annual General Meeting (AGM)
- 1530 – 1700** **BAOMS AGM 2021** (BAOMS members only please) – AGM held onsite and online via a zoom link.

The AGM agenda and papers are available online to all BAOMS members via the BAOMS members' area. There will be no printed / hard copies available at the meeting.
- Evening** Free to meet up for dinner and drinks with colleagues.

COME VISIT THE B. BRAUN STAND

- **Direct drive** to help increase power and precision – motor incorporated into the handpiece
- Intuitive **plug and play** assembly for all tools and attachments
- **One size burr** fits all attachment lengths which helps to reduce inventory and cost
- Micro and standard saws range – **Sagittal, Reciprocating and Transversal**
- Wireless foot pedal available

- How to use an intraoral scanner* – Adam Nulty
- How to perform a sinus lift procedure* – Jonas Anderud, Sweden 

- 1430-1445** *How to manage synchronous endoscopic and open approaches to the orbital volume* – Simon Holmes, Consultant OMFS, London & **S Paun**, MDT Rhinologist and Endoscopy 
- 1445-1500** *How to perform Cosmetic Blepharoplasty* – Ilanko Ilankovan, Consultant OMFS, Poole Hospital NHS Trust
- 1500-1530** Refreshment break in lower basement
-
- 1530-1630** Concurrent 'How to...' Lectures
- SKULL BASE**
Lecture Theatre 1 (LT1)
Session Chair: Alistair Fry

1530-1545 *How to perform Extracranial / Intercranial Vascular Bypass* – Umang Patel, OUH, Oxford

1545-1600 *How to access the Skull Base - from above* – Thomas Carroll, Consultant Neurosurgeon, Sheffield

1600-1615 *How to plan and administer Stereotactic Radiosurgery (Gamma Knife) in the Head & Neck* – Dev Bhattacharya, Sheffield

1615-1630 *How to manage Oral SCCA involving the Intra-Temporal Fossa* – Moni Kuriakose, Vice-Chairman, Head and Neck Surgery Roswell Park Cancer Institute, Buffalo 

NECK & NODES
Lecture Theatre 3 (LT3)
Session Chair: Michael Ho

How to tackle salivary stones using Lithotripsy – Katherine George, Consultant OMFS, London

How to do a thyroidectomy – Leo Cheng, Consultant OMFS, Barts Health and Homerton University Hospital, London

How to use Lugol's Iodine Indication correctly – James McCaul, Consultant OMFS, Scotland

How to perform Sentinel Node Biopsy harvest in the neck – Jeremy McMahon, Southern General Hospital, Glasgow
- 1640-1720** **NORMAN ROWE LECTURE**
How to ensure fairness and equity in the surgical workforce – Baroness Helena Kennedy of the Shaws QC (Streamed to all Rooms)
- 1720-1730** Norman Rowe Presentation, thanks and close
- 1900-Midnight** **ANNUAL GALA DINNER AND AWARDS CEREMONY**
Cutlers' Hall, City Centre, Sheffield

See following page.

CUTLERS' HALL, ANNUAL DINNER VENUE

The Cutlers' Hall was built in 1832 by Samuel Worth and Benjamin Broomhead Taylor. It is Sheffield's third Cutlers' Hall, the previous buildings, which were built in the same location. The Hall's front is of the Corinthian order. Towards the end of the 18th century it was used as an overspill court room as the Town Hall across Church Street could not cope with the increasing number of crimes.

There is a selection of old Hallamshire knives on show inside the hall, some of which go back to the Elizabethan era. Many of the knives were discovered by Thames mudlarks in the tidal mud of the River Thames in London. Also is the Norfolk Knife, a very large pocket knife with 75 blades which was made by Joseph Rodgers and Sons at their Norfolk Street Works in Sheffield for the Crystal Palace Great Exhibition of 1851.

SATURDAY 9 OCTOBER 2021: EVENING

ANNUAL GALA DINNER AND AWARD CEREMONY

Cutlers' Hall, City Centre, Sheffield

Dress code: Black Tie/Tuxedo/ Suit and Black Tie / Evening Dress

BAOMS AWARDS CEREMONY (to be presented at the Annual Dinner)

Honorary BAOMS Fellowship	Dr B D Tiner, AAOMS President	Citation: Austen T Smith
Down Surgical Prize	Patrick Magennis	Citation: Iain Hutchison
BAOMS Surgery Prize	Kaveh Shakib	Citation: Ilanko Ilankovan

President's Prize 2020

Awarded to Simon Van Eeden

For paper: *10 years of orthognathic surgery and speech in cleft patients from the NorCleft Audit group: pre-operative assessment and post-operative outcomes***Associate Fellows' Prize 2020**

Awarded to: Jothi Srinivasan

For paper: *Assessment of patient satisfaction using a digital consent package for wisdom tooth procedures; a pilot study at Royal Derby Hospital***Norman Rowe Clinical Prize 2020**

Awarded to Salim Miskry

For paper: *Intra-corporeal lithotripsy - A case series demonstrating its efficacy as a minimally invasive option***Paul Toller Research Prize 2020**

Awarded to Aitor De Gea Rico

For paper: *Skin cancer training in OMFS: a UK national questionnaire***Junior Trainees and Members' Prize 2020**

Awarded to Hana Kennedy

For paper: *Do we have a robust method for pre-operative tumour depth assessment for oral cavity tumours with clinically negative necks?***Intercollegiate Gold Medal**

Soudeh Nezamivand-Chegini

Trainer of the Year 2021

and Trainers Trainer of the Year

2021 Jiten Parmar

BJOMS Prizes 2021

Best Reviewer 2021 Fellows Leandros-Vassilios Vassiliou

Best Reviewer 2021 Fellows in Training Ben Steel

SUNDAY 10 OCTOBER 2021: DIAMOND CENTRE, UNIVERSITY OF SHEFFIELD

0800-1730 Registration Open

0900-1000 **POP-UP PODIUM***"A Better way to ..."*

Competition for clinical prizes 2021

3 mins to present with short Q and A in 5 minute in total presentation slots

Concurrent sessions:

Lecture Theatres 1 and 3 (LT1) (LT3)

Aesthetic, Audit and Oncology

Lecture Theatre 1 (LT1)

Session Chairs: Kathleen Fan

Hesham Emam

Head and Neck and Trauma

Lecture Theatre 3 (LT3)

Session Chairs: Stephen Crank

Chetan Katre

0900-0905 1 *A better way tostructure training in non-surgical aesthetics: an OMFS-led training scheme – James Olding, King's College Hospital*

13 *A better way to classify the Rhinectomy defect – Michael Gilhooly, London North West University Healthcare NHS Trust*

0905-0910 2 *A Better Way to Run a Tongue Tie Service: A 10 year Service Evaluation – Faye Doughty, East Lancashire Teaching Hospitals*

14 *Withdrawn*

0910-0915 3 *A better way to implement the QOMS proforma for oncology and reconstruction – Ryan Howells, University College Hospital London*

15 *Betterway to prevent surgical complications after laryngectomy – Raghuram Boyapati, Queen Victoria Hospital*

0915-0920 4 *A better way to manage the neck of clinically N0 oral squamous cell carcinoma patients? – Michelle Che Ting Yick, University College London*

16 *Withdrawn*

0920-0925 5 *A better way to determine tumour margins intraoperatively, using ambient mass spectrometry (interim report) – James Higginson, Imperial College London*

17 *A Better Way to Manage Paediatric Maxillofacial Trauma; A Retrospective Study Examining the Presentation of Maxillofacial Soft Tissue Injuries and Management over 3-year period at a Regional Children's Hospital – Shima Chundoo, Birmingham Children's Hospital*

0925-0930 6 *A better way to detect head and neck cancer recurrences – Aya Abbas, Wexham Park Hospital*

18 *A better way to manage patients with fractured mandibles – Basim Dawoud, Lancashire teaching hospitals NHS trust*

0930-0935 7 *Sentinel Lymph Node Biopsy for Oral Cancer – When to use it? – Drazsen Vuity, University Hospital Crosshouse*

19 *A better way to carry out a preseptal transconjunctival approach to the orbit – Bilal Aslam-Pervez, Queen Elizabeth University Hospital*

0935-0940 8 *Correlation between imaging and histopathology in head and neck oncology - a retrospective study – Sirisha Duggineni, Morriston Hospital*

20 *Potentially modifiable patient factors in mandible fracture complications: a systematic review and meta-analysis – Asad Ahmed, Queen Elizabeth Hospital*

- | | |
|---|---|
| <p>0940-0945 9 <i>A retrospective study of oral maxillary squamous cell carcinomas treated from 2008 - 2018</i> – Yehya Gamie, University of Manchester</p> <p>0945-0950 10 <i>A Better Way to Uphold Quality of Head & Neck Cancer Referrals Post-COVID</i> – Derek Ly, Royal Derby Hospital</p> <p>0950-0955 11 <i>Telephone Consultations for Skin Cancers during COVID-19</i> – Yasmine Coll, Crosshouse Hospital</p> <p>0955-1000 12 <i>Skin reconstruction on exposed calvarium with Recell Therapy - Case report</i> – Chiew Ying Chieng, Poole Hospital</p> | <p>21 <i>Trends in Oral and Maxillofacial Surgery (OMFS) operations for Trauma and Infection in the Mersey Regional OMFS Unit between 2018-2021</i> – Patrick Magennis, Liverpool University Hospitals NHS Foundation Trust</p> <p>22 <i>A new classification of mandibular fractures</i> – Sam Wareing, Aintree University Hospital</p> <p>23 <i>A better way to assess and document for patients presenting to A&E with Craniomaxillofacial Trauma through the implementation of a standardised proforma</i> – Ryan Howells, University College London Hospitals</p> <p>24 <i>Oral and maxillofacial injuries from electric scooters in Bristol; a retrospective observational study</i> – Fabienne Aurora, University of Bristol</p> |
|---|---|

1000-1030 Refreshment break in lower concourse

1030-1215 Concurrent 'How to...' Lectures

TECH

Lecture Theatre 1 (LT1)
Session Chair: Kavin Andi

- 1030-1045 *How to set up and use a Surgical Robot* – David Laugharne, Consultant OMFS, Derby Teaching Hospitals
- 1045-1100 *How to do a robotic resection in the Oropharynx* – Cyrus Kerawala, Consultant OMFS, Royal Marsden Hospital, London
- 1100-1115 *How to use Endoscopic assistance in Fracture fixation* – Alan Patterson, Consultant OMFS, Rotherham General Hospital
- 1115-1130 *How to repair a surgically damaged lingual nerve* – Simon Atkins
- 1130-1145 *How to use fluorescence techniques and their application in the Head & Neck* – Simon Whitley, Consultant OMFS, Glous. 
- 1145-1200 *How to justify, plan and administer Hyperbaric Oxygen Therapy for Head & Neck patients* – Gerard Laden, Research and Technical Director, North of England Medical Hyperbaric Services Ltd
- 1200-1215 *How to merge coaxial PET / MRI Images in visualising the Head & Neck* – University of Sheffield Radiology

CLEFT & CRANIOFACIAL

Lecture Theatre 3 (LT3)
Session Chair: Ojas Krishnan

- How to do a World Standard Primary Cleft Lip repair* – David Drake, Consultant OMFS, Southern General Hospital, Glasgow
- How to do evidence based Alveolar bone grafts to Cleft defects* – David Drake, Consultant OMFS, Southern General Hospital, Glasgow
- How to do a World Standard Primary Cleft Palate repair* – Kanwalraj Moar, Consultant OMFS, Cambridge
- How to correct the Maxillary deformity in Cleft patients* – Caroline Mills, Consultant OMFS, London
- How to perform cranial expansion procedures* – Martin Evans, Consultant OMFS, Birmingham Children's Hospital
- How to move to Waferless Corrective Surgical techniques* – Christopher Fowell, Consultant OMFS, Cambridge University Hospital

1220-1300

PRESIDENT'S INVITED LECTURE

Introduced by Austen T Smith

How to develop a point of care profession from Silver Cap Splints to 3D Reconstruction Science

– Jason Watson, Chair Institute of Maxillofacial Prosthetics Technologists, Consultant Clinical Scientist

1300-1400

Lunch in lower basement (exhibition closes after lunch)

1400-1530

POP-UP PODIUM*"A Better way to ..."*

Competition for clinical prizes 2021

3 mins to present with short Q and A in 5 minute in total presentation slots

Sessions in Lecture Theatre I only (LTI)

Miscellaneous, Oral Medicine, Orthognathic, TMJ and Trauma

Lecture Theatre I (LTI)

Session Chairs: Iain Varley and Kapil Java

- 1400-1405 25 *A better way to carry out collaborative research* – Samuel Kent, Swansea Bay University Health Board
- 1405-1410 26 *Oral and Maxillofacial Surgery (OMFS) Consultant Workforce in the UK: Pension pressures, changing job-plans, changing demographics, recruitment issues and the COVID backlog in elective surgery mean that urgent action and strategic planning are needed* – Patrick Magennis, Liverpool University Hospitals NHS Foundation Trust
- 1410-1415 27 *FlexFacs: An online training and educational resource for OMFS specialty trainees* – Michael Nugent and Montey Garg, BAOMS Flex Facs
- 1415-1420 28 *A Better Way to Learn - MaxSim* – Adam Holden, Royal United Hospital
- 1420-1425 29 *Technical Note on the production of 3D anatomical models using an open access software from medical imaging* – Soudeh Chegini, University College, London
- 1425-1430 30 *Nasopharyngeal COVID-19 Testing - Simple as ABC(SF Leak)?* – Vahe Petrosyan, York Hospital
- 1430-1435 31 *Pre-antiresorptive therapy dental screening (PADS): a successful intervention against medication related osteonecrosis of the jaws (MRONJ)* – Gillian White, University of Glasgow
- 1435-1440 32 *Best practice for the treatment of descending mediastinitis: A review of review articles and studies looking at cause, diagnosis, treatment and outcomes of head and neck descending necrotizing mediastinitis* – Sohaila Elyoussfi, Hull University Teaching Hospitals
- 1440-1445 33 *The Stability of Anterior Open Bite Closure After Bi-maxillary osteotomy* – Islam Ellabban, North Cumbria Integrated Care
- 1445-1450 34 *A better way to perform orthognathic surgery in partially edentulous patients: a novel modified wafer design* – Benjamin Dunphy, Ninewells Hospital
- 1450-1455 35 *Paediatric oral caustic soda ingestion: case series and lessons learned* – Milad Tavakoli, Manchester Royal Infirmary
- 1455-1500 36 *Transformative imaging of the extracranial facial nerve by MRI and Microsoft HoloLens2* – Ahmad Saadya, University College London Hospital

The tools you need for the solutions you provide

Universal Select Plating System

A comprehensive Craniomaxillofacial titanium plating system, which includes a wide selection of implants for bone fixation of Craniomaxillofacial fractures, orthognathic and reconstructive surgery.

Instruments

VariSpeed battery powered screwdriver, right angled screwdriver, universal trocar system and a wide range wide range of Maxface instruments.

Colorado Needle

Ultra-sharp microdissection needle designed for precision cutting and coagulation.

Delta

Resorbable plating that provides a combination of strength, balanced resorption and contourability.

MEDPOR

A comprehensive portfolio of high density, porous polyethylene implants for aesthetic, reconstruction and augmentation.

Facial iD

Patient specific implants designed to offer excellent anatomical fit and contour for your facial aesthetic and reconstructive needs.

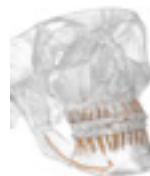

SMARTLock Hybrid MMF

Plate and screws designed to eliminate the need for interdental wiring and reduce the risk of wire stick injuries. system and a wide range wide range of Maxface instruments.

Virtual Surgical Planning and models

Case is planned using CT/ CBCT data, allowing to visualise anatomical landmarks and helping to ensure surgical plan matches patient's anatomy.

Discover Stryker's Maxillofacial portfolio

Scan to view our website

- 1500-1505 37 *An addition to the literature ? Bilateral coronoid hyperplasia in a paediatric patient with 22q11 deletion*
– Salim Miskry, Guys and St. Thomas's Evelina Children's Hospital
- 1505-1510 38 *A better way to manage severe dentofacial-disproportions in conjunction with end stage tmj-arthropathy*
– Moorthy Halsnad, Queen Elizabeth University Hospital
- 1510-1515 39 *A better way to... manage late presenting complications of temporomandibular joint prostheses*
– John Linden, Ninewells Hospital
- 1515-1520 40 *Patient-related factors predicting the failure of mandibular osteosynthesis* – Rupinder Sarai, Department of Oral and Maxillofacial Surgery, University Hospitals Birmingham
- 1520-1525 41 *Maxillofacial injuries from gang and youth violence - are we doing enough?* – Hana Cocker, King's College Hospital
- 1525-1530 42 *A retrospective two-cycle audit on the introduction of a facial trauma admission proforma* – Flora Menzies, Queen's Medical Centre
- 1600 Announcement of poetry competition winner and closing remarks. Close of conference

"Thanks... the end"

BAOMS
THE FACE OF SURGERY

ARE YOU ARTISTIC (4) ? **BAOMS POETRY COMPETITION 2021**

This year's BAOMS Artistic challenge is a Poetry Competition with valuable prizes to be awarded at the Annual Scientific Meeting at the Diamond Centre in Sheffield from 7-10 October 2021.

Show your word power and entertain...

"Fixing your Face"

2 categories:

Traditional poetic style and Limerick / Clerihew humorous

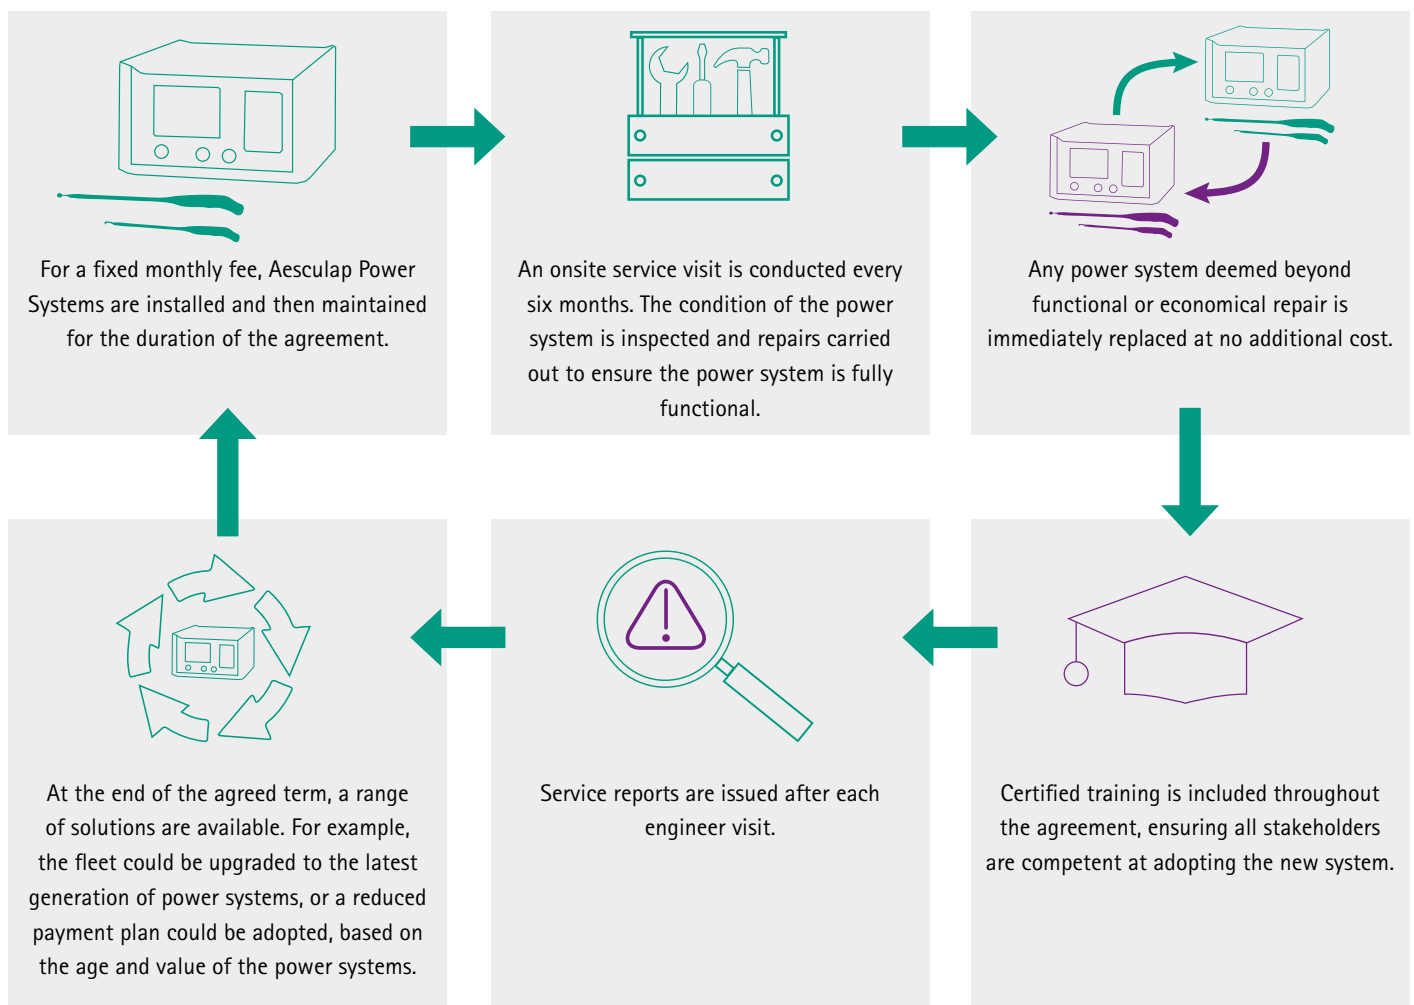

400 word limit, written after June 1st 2021 and confirmed as your own work.
Permission for BAOMS to use content.

Submissions via BAOMS Office: office@baoms.org.uk

AESCULAP® POWER SYSTEMS MANAGED EQUIPMENT SERVICE

The Aesculap Power Systems Managed Equipment Service allows you to convert to ELAN 4 without any capital outlay. The required systems are installed at the outset and maintained on an ongoing basis throughout their lifecycle.
